

# Truck Wash

Product # 430

*Used in high-pressure equipment*

This concentrated detergent is used to remove severe soiling, road tar, and grime from trucks and other large vehicles. It quickly cleans and dries spot-free and film-free to restore the original luster to the vehicle's finish. This detergent is designed for use in high-pressure washing equipment.

## Effective Against

- Road tar
- Grease and grime
- Salt residue
- Exhaust and soot

## Features and Benefits

- Provides maximum cleaning power with minimum cost.
- Ideal for use by fleet operators or commercial service establishments.
- For use in standard pressure-washing equipment.

## Properties

Appearance	Gold liquid
